This groundbreaking work, a part of the esteemed Cambridge Studies in Islamic Civilization series, serves as a vital resource for scholars, students, and anyone seeking a deeper understanding of medieval Islamic society. It explores the legal, social, and economic dynamics that shaped marital relationships, shedding light on the experiences of both men and women in this intricate societal tapestry.

### Exploring the Matrimonial Landscape

Within the pages of "Marriage, Money, and Divorce in Medieval Islamic Society," readers will embark on a comprehensive exploration of the

matrimonial landscape in medieval Islam. The book delves into:

- The legal frameworks governing marriage, divorce, and inheritance
- The social customs and practices surrounding marriage and family life
- The economic factors influencing marriage decisions and marital stability
- The experiences of women and men in marriage, including their rights and obligations
- The role of religion and religious courts in marital affairs

By examining these multifaceted aspects, the book provides a holistic perspective on marriage in medieval Islamic society, offering a nuanced understanding of the factors that shaped this fundamental institution.

### **Unveiling the Legal Labyrinth**

"Marriage, Money, and Divorce in Medieval Islamic Society" meticulously analyzes the legal frameworks that governed matrimonial affairs. Readers will gain insights into:

- The legal requirements for marriage, including consent, dower, and witnesses
- The grounds for divorce and the legal processes involved
- The division of property and financial obligations in the event of divorce
- The legal rights and responsibilities of husbands and wives
- The role of religious courts in enforcing marital laws

Through a clear and accessible analysis, the book unravels the complexities of the legal system, providing a solid foundation for understanding the legal framework that shaped marital relationships.

### **Illuminating Social Customs and Economic Realities**

"Marriage, Money, and Divorce in Medieval Islamic Society" extends its exploration beyond legal frameworks, delving into the social customs and economic realities that influenced marriage and family life. Readers will discover:

- The social pressures and expectations surrounding marriage
- The role of family and community in arranged marriages
- The economic factors that influenced marriage decisions, such as dowry and inheritance
- The impact of social class and wealth on marital relationships
- The experiences of women in polygynous marriages

By examining the interplay between social customs and economic realities, the book sheds light on the broader societal context that shaped matrimonial affairs in medieval Islam.

### **Exploring Personal Narratives and Lived Experiences**

Beyond legal frameworks and societal norms, "Marriage, Money, and Divorce in Medieval Islamic Society" delves into the personal narratives and lived experiences of individuals. The book examines:

- The emotional and psychological aspects of marriage and divorce

- The experiences of women who sought divorce and the challenges they faced
- The impact of marital conflict on family and community relationships
- The role of love, companionship, and intimacy in marital relationships
- The experiences of individuals who challenged social norms and defied societal expectations

Through a sensitive and empathetic approach, the book humanizes the experiences of individuals, providing a deeper understanding of the personal dimensions of marriage, money, and divorce in medieval Islamic society.

### **A Valuable Resource for Scholars and Students**

"Marriage, Money, and Divorce in Medieval Islamic Society" is an indispensable resource for scholars and students of:

- Medieval Islamic history
- Islamic law and jurisprudence
- Women's and gender studies
- Marriage and family studies
- Social and cultural history

With its comprehensive analysis, meticulous research, and accessible writing style, the book serves as a foundational text for anyone seeking a deeper understanding of this multifaceted aspect of medieval Islamic society.
